

## Lithium Americas Closes US\$400 Million Underwritten Public Offering

**January 22, 2021 - Vancouver, Canada: Lithium Americas Corp. (TSX: LAC) (NYSE: LAC) ("Lithium Americas" or the "Company")** announced today the closing of its previously announced underwritten public offering (the "**Offering**") of shares of its common stock (the "**Common Shares**"). The Company issued 18,181,818 Common Shares, including 2,272,727 Common Shares following the exercise in full by the underwriters of their over-allotment option. The shares were issued at a price of US\$22.00 per Common Share for gross proceeds to the Company of approximately US\$400 million.

Canaccord Genuity acted as lead book-running manager for the Offering, Deutsche Bank Securities, Evercore ISI and Stifel acted as joint book-running managers and National Bank Financial and Cormark Securities acted as co-managers.

The net proceeds from the Offering are intended to be used to fund development of the Thacker Pass lithium project and for general corporate and working capital purposes, as further described in the Prospectus Supplement described below.

The Offering was made by way of a prospectus supplement (the "**Prospectus Supplement**") to the Company's existing Canadian base shelf prospectus (the "**Base Shelf Prospectus**") and the Company's United States registration statement on Form F-10 (the "**Registration Statement**"). The Offering was made in the United States and in each of the provinces and territories of Canada, except Québec. The Prospectus Supplement, the Base Shelf Prospectus and the Registration Statement contain important information about the Company and the Offering. The final Canadian Prospectus Supplement (together with the related Canadian Base Shelf Prospectus) is available on SEDAR at [www.sedar.com](http://www.sedar.com). The final U.S. Prospectus Supplement (together with the Registration Statement) is available on EDGAR at [www.sec.gov](http://www.sec.gov). Alternatively, the Canadian Prospectus Supplement (together with the related Canadian Base Shelf Prospectus) and the U.S. Prospectus Supplement (together with the Registration Statement) may be obtained upon request by contacting the Company or Canaccord Genuity, Attention: Syndicate Department, 99 High Street, Suite 1200, Boston, MA 02110, by telephone at (617) 371-3900 or by email at [prospectus@cgf.com](mailto:prospectus@cgf.com).

This press release does not constitute an offer to sell or the solicitation of an offer to buy securities, nor will there be any sale of the securities in any province, state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such province, state or jurisdiction. The securities being offered have not been approved or disapproved by any regulatory authority, nor has any such authority passed upon by the accuracy or adequacy of the Prospectus Supplements, the Base Shelf Prospectus or the Registration Statement.

The Company is relying on an exemption under Section 602.1 of the TSX Company Manual for the pricing of the Offering, pursuant to which the Company is following the rules of the New York Stock Exchange.

### **Forward-Looking Statements:**

This news release contains “forward-looking information” and “forward-looking statements” (which we refer to collectively as forward-looking information) under the provisions of applicable securities legislation. All statements, other than statements of historical fact, are forward-looking information. Examples of forward-looking information in this news release include, among other things, statements related to the anticipated use of proceeds of the Offering.

Forward-looking information is based upon a number of factors and assumptions that, if untrue, could cause the actual results, performances or achievements of the Company to be materially different from future results, performances or achievements expressed or implied by such information. Such information reflects the Company’s current views with respect to future events and is necessarily based upon a number of assumptions that, while considered reasonable by the Company today, are inherently subject to significant uncertainties and contingencies. These assumptions include, among others: the anticipated use of proceeds of the Offering; expected budgets, capital expenditures and programs for the Company’s projects; estimates of the mineral resources and reserves at its properties; development of mineral resources and reserves; government regulation of mining operations and treatment under governmental and taxation regimes; the timing and amount of future production; currency exchange and interest rates; the Company’s ability to raise capital; exploration of financing options and a potential joint venture partner for Thacker Pass; the timing, cost, quantity, capacity and product quality of production at the Thacker Pass project; results of the Company’s engineering, design permitting program at the Thacker Pass project, including that the Company receives permits as anticipated; successful results from the Company’s testing facility and third-party tests related thereto; capital costs, operating costs, sustaining capital requirements, timing, results and completion of the Thacker Pass feasibility study; funding of project permitting and feasibility study costs for the Thacker Pass project; ability to achieve capital cost efficiencies; the effect of current or any additional regulations on the Company’s operations; forecasted demand for lithium products, including pricing thereof; the Company’s ability to fund, advance and develop the Caucharí-Olaroz project and the Thacker Pass project into production, including results therefrom and timing thereof; the impacts of COVID-19 globally and in the jurisdictions in which we operate, and on the availability and movement of personnel, supplies and equipment; timing of regulatory approvals and permits, and on third parties we are in a contractual relationship with regarding the preparation of the feasibility study and with respect to construction activities at the Caucharí-Olaroz project; accuracy of mineral resources, including whether such mineral resources can ever be converted into reserves; reliability of technical data, accuracy of current budget and construction estimates; that pending patents will be approved; ability to achieve commercial production; the share price and demand for our common stock; general economic conditions; maintenance of a positive business relationship with co-owners; timely responses from governmental agencies responsible for reviewing and considering the Company’s permitting activities; the Company position in a competitive environment; and a stable and supportive legislative, regulatory and community environment.

Forward-looking information also involve known and unknown risks that may cause actual results to differ materially, these risks include, among others, inherent risks in the development of capital intensive mineral projects (including as co-owners), variations in mineral resources and mineral reserves, global demand for lithium, recovery rates and lithium pricing, risks associated with successfully securing adequate financing, changes in project parameters and funding thereof, risks related to growth of lithium markets and pricing for products thereof, changes in legislation, governmental or community policy, political risk associated with foreign operations, permitting risk, including receipt of new permits and maintenance of existing permits, title and access risk, cost overruns, unpredictable weather and maintenance of natural resources, unanticipated delays, intellectual property risks, currency and interest rate fluctuations, operational risks, health and safety risks, and general market and industry conditions. Additional risks, assumptions and other factors are set out in the Company’s management discussion analysis, most recent annual information form and annual report on Form 40-F, copies of which are available on SEDAR at [www.sedar.com](http://www.sedar.com) and on EDGAR at [www.sec.gov](http://www.sec.gov).

Although the Company has attempted to identify important risks and assumptions, given the inherent uncertainties in such forward-looking information, there may be other factors that cause results to differ materially. Forward-looking information is made as of the date hereof and the Company does not intend, and expressly disclaims any obligation to, update or revise the forward-looking information contained in this news release, except as required by law. Accordingly, readers are cautioned not to place undue reliance on forward-looking information.
